The Pillars of Complete Family Wealth

"Complete Family Wealth: Wealth as Well-Being" is built upon four interconnected pillars:

- **Health and well-being:** Ensuring the physical, mental, and emotional health of family members.
- **Education and personal growth:** Investing in education, skills development, and personal enrichment for all family members.
- **Strong family relationships:** Nurturing close-knit and supportive family bonds that withstand the challenges of life.
- **Meaningful work and purpose:** Finding fulfillment and contributing to society through work that aligns with family values.
- **Positive impact on the community:** Using family resources to make a difference in the world and create a more just and equitable society.

By embracing these broader dimensions of wealth, families can create a legacy that extends far beyond financial inheritance. They can cultivate a thriving environment where each member feels valued, connected, and empowered to live a life of purpose and well-being.
