The Smythe Smith Quartet is made up of four young women from very different backgrounds. There's Kitty Smyth, a talented pianist from a wealthy family. Vi Smith, a gifted violinist from a working-class family. Rose Jones, a gifted cellist who is struggling to make ends meet. And Hazel Green, a gifted vocalist who is trying to find her place in the world.

Despite their different backgrounds, the four women are united by their love of music. They form a quartet and begin to perform at local clubs and

events. As their popularity grows, they are invited to perform at a prestigious music festival in London.

The festival is a huge success, and the quartet is offered a recording contract. They soon become one of the most popular bands in England. But with their newfound success comes a lot of pressure. The women must learn to balance their personal lives with their professional lives. They must also deal with the challenges of fame and fortune.

Just Like Heaven is a beautifully written and engaging novel. The characters are well-developed and relatable. The setting is vividly described and brings the 1920s to life. And the music is simply magical.
