Prepare yourself for the gripping debut of the Jack Lamburt series, where the line between justice and vigilantism blurs in Urban Justice.

Jack Lamburt is a man haunted by his past, a former police officer who left the force after a tragic incident. But when his city is engulfed in a wave of violence and corruption, Jack feels compelled to act. Donning a hoodie and mask, he becomes the vigilante known as the Enforcer.

As the Enforcer, Jack takes the law into his own hands, targeting the criminals who have escaped justice through loopholes or sheer power. His methods may be unconventional, but his goal is clear: to bring justice to the streets that have been forgotten.

However, as Jack delves deeper into the city's underworld, he uncovers a sinister conspiracy that reaches the highest levels of power. The very people he seeks to confront are manipulating the system to their advantage, making it impossible for traditional justice to prevail.

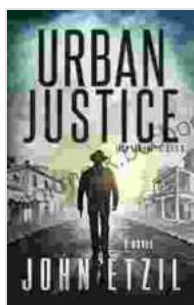

Caught between his desire for justice and the realization that the system is irrevocably corrupt, Jack must decide how far he is willing to go. Can he

remain a vigilante, risking becoming the very thing he despises, or will he find a way to expose the truth without resorting to violence?

Urban Justice is a pulse-pounding thriller that explores the complex themes of justice, vigilantism, and the limits of morality. With its heart-stopping action sequences and thought-provoking plot, this novel will keep you on the edge of your seat from beginning to end.
